Seating » Benches

Modular seating breaks up linear spaces. Battens in 2 hardwood or 4 Duraslat™ colors. Tapered steel frame in 17 powder-coat or galvanized finishes.

Description

Rectangular battens and a tapered steel frame combine to deliver a curved bench design that takes its cues from 20th century industrial design. The modularity allows for snaking curve, full ring or shallow bend configurations to be created to break up linear spaces. It is ideal for seating around trees, along curved garden beds and walls. The functional feel and light appearance of the Avenue curved bench complements and sits within most public spaces. Finishes include 2 Australian Eucalyptus hardwood or 4 Duraslat™ colors and 17 powder-coat finishes or a galvanized finish.

Sustainability

Certified Hardwood
Australian Eucalyptus hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world’s largest forestry certification system.

Material Alternatives
We offer sustainable alternatives to hardwood, such as Duraslat™; a mineral-based composite material that contains no Volatile Organic Compounds (VOCs) and is engineered using up to 46% natural filler that is based on a renewable mineral.

Recycled Materials
We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Low Pollutants
Our powder-coating process doesn’t emit VOCs and has Environmental Product Declarations (EPDs) that enable projects to qualify for LEED credits.

Powder Coat

Core
Coreten (textured), Charcoal (satin), Silver Pearl (satin metallic), Black (satin), White (satin), Bronze (satin metallic)

Signature
Deep Ocean (satin), Wedgewood (satin), Mangrove (satin), Territory Red (matt), Claypot (satin), Paperbark (satin)

Bold
Sky Blue (satin), Yellow Green (satin), Pure Orange (satin), Carmine Red (satin), Zinc Yellow (satin)
