Timeless, classic bench design. Batten top in hardwood or Duraslat™ supported by an elegant cast aluminum frame in powder-coat finishes.

Description

Referencing Paris’ famous wrought ironwork, curved cast aluminum framing is complemented by muscular hardwood or Duraslat™ surfaces to offer a timeless Urban classic bench. Finishes include hardwood or Duraslat™ and powder-coat finishes or a natural aluminum finish. Urban is close to our heart; a classic, elegant, and highly functional collection that works in almost any public space.

Optional aluminum Skate Stopper available in your choice of powdercoat finishes (additional cost). Suitable for Duraslat™ batten options only.

Sustainability

Certified Hardwood
Australian Eucalyptus hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world’s largest forestry certification system.

Material Alternatives
We offer sustainable alternatives to hardwood, such as Duraslat™; a mineral-based composite material that contains no Volatile Organic Compounds (VOCs) and is engineered using up to 46% natural filler that is based on a renewable mineral.

Recycled Materials
We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Low Pollutants
Our powder-coating process doesn’t emit VOCs and has Environmental Product Declarations (EPDs) that enable projects to qualify for LEED credits.

Assembly & Delivery Shipped fully assembled on pallets.

Fixing Detail Urban range fixed mounting options:
Threaded rod
Threaded rod + shims
Offset tab

Urban range freestanding options:
Loose footpad
Loose glides

Care Instructions Hardwood
Cleaning
Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling
Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Duraslat™
Cleaning
Clean with mild soap and water and use a soft brush to remove any dirt build-up.

Powder-Coat
Cleaning
Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Warranty 5-year warranty. View the [warranty](#) for more details.

Additional Comments Hardwood is treated with a UV-resistant oil finish in a light or dark tone.
