B+G VERGE BOLLARD

Accessories » Bollards

Simple bollard design combines practical function with a clean aesthetic. The steel frame is available in 17 powder-coat or galvanized finishes.

Description	The Verge bollard is simple in design and highly durable. A cylindrical steel post and a circular base plate add a functional and utilitarian feel to spaces you know are going to get their fair share of wear and tear. Light in appearance, the bollard complements and sits within many public spaces to create a protective or architectural perimeter. Finishes include a steel frame in 17 powder-coat colors or a galvanized finish.
Made In	USA
Dimensions	ø4" x 35"H (ø100mm x 900mmH) Base plate ø8" (200mm)

Assembly & Delivery Shipped fully assembled on pallets.

Fixing Detail Surface fixed by others. Anchors not included.

How to Specify Select your length
Select your finish

Care Instructions Powder-Coat
Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.
