Seating » Benches

Modern, modular, circular bench seating in a large tall size with hardwood battens and a steel frame in 17 powder-coat colors.

Description	<p>Connect circle large tall modular bench seating is versatile, durable, and sustainable, making it suitable for a wide range of outdoor or indoor spaces. It connects with the Connect circle interlock large low to create a tiered seating design. These can be grouped with the range of 18 seating modules, consisting of geometric shapes, and interlocking elements that can transform any public space into a social hub. Connect features certified Australian Eucalyptus hardwood battens with bullnose edging and a steel frame in 17 VOC-free powder-coat colours that can be customized to suit your project.</p>
Sustainability	<p><b>Certified Hardwood</b> Australian Eucalyptus hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.</p> <p><b>Recycled Materials</b> We locally source our steel. It means we know it uses recycled content and is 100% recyclable.</p> <p><b>Low Pollutants</b> Our powder-coating process doesn't emit VOCs and has Environmental Product Declarations (EPDs) that enable projects to qualify for LEED credits.</p>
Powder Coat	<p><b>Core</b> Coreten (textured), Charcoal (satin), Silver Pearl (satin metallic), Black (satin), White (satin), Bronze (satin metallic)</p> <p><b>Signature</b> Deep Ocean (satin), Wedgewood (satin), Mangrove (satin), Territory Red (matt), Claypot (satin), Paperbark (satin)</p> <p><b>Bold</b> Sky Blue (satin), Yellow Green (satin), Pure Orange (satin), Carmine Red (satin), Zinc Yellow (satin)</p>

Weight 264lbs (120.2kg)

---

Made In USA

---

Lead Time 6-8 weeks

---

Assembly & Delivery Shipped fully assembled on pallets.

---

Fixing Detail Fixed by others. Fix direct to a concrete slab or through pavers and into a concrete slab.

---

Care Instructions

Hardwood  
Cleaning  
Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling  
Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Powder-Coat  
Cleaning  
Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

---

Warranty 5-year warranty. View the [warranty](#) for more details.

---

Additional Comments Hardwood is treated with a UV-resistant oil finish in a light or dark tone.
