Zinc rich primed folding bollard for flexible access control in urban landscapes. Locks upright or folds down, ideal for service entries and controlled commercial sites.

Description	Engineered for flexibility, the Prospect Folding Bollard provides secure site control with the option to quickly allow vehicle access when required. It locks upright for clear perimeter definition, then folds down with ease, making it ideal for service entries, maintenance zones, and controlled access points.  Zinc rich primer is finished with a super durable powder coat, it delivers long-lasting performance in high-use environments with minimal maintenance. Supporting both safety and functionality across a wide
	range of settings.
Sustainability	We locally source our steel and aluminium. It means we know it uses recycled content and is 100% recyclable.
Material	Zinc rich primer finished with super durable powder coat.
Dimensions	11" (280mm) w x 32" (817mm) h x 7" (170mm) d
Made In	USA
